Off the coast of dachs but there exists an island of natural beauty with palm trees, beautiful sand & life everywhere ... well ... at least thats what it was until pigeon man purchased it

After pigeon man formed the corparation he needed a place to place his warehouse to facilitate his pigeon airship & all of his pigeon stuff so he dicided to aquire a private island & so he looked around & found an island that was being sold for \$ 45 000 & so he purchased it and in just a week he transformed it from a hot sunny paradise to a cold dark controlled island. as of now he is planing to deastroy dachs - but by any means necicary he is now on the gouverments most wanted list

It has also been revialed by pigeon man that pigeon. co is a SCAM & that all the money from his "pigeon stpocks" was stolen (by him) & was used to fund his private island & his so called mega project wich some white hat hackers revialed to be a super-pigeon siut. The capabilities of this pigeon siut are still unknown however leaked images exist on the fbi & the dark web
